HOW IT WORKS

REQUEST FOR ASSISTANCE

If you're facing a situation where you can't pay a bill or settle a debt, simply submit your request on our secure platform. Your request is sent to a network of trusted contacts who know and support you.

TRUSTED APPROVAL

When one of your trusted contacts receives your request, they can review and approve it directly through HelpiFi. Once approved, the transaction is automatically executed using our smart contract system.

REWARDING COMMUNITY

Every time you assist someone, you're not just lending a hand —you're earning rewards. After completing a set number of approved transactions, you become eligible for token rewards or a fee reimbursement.

STEP 1

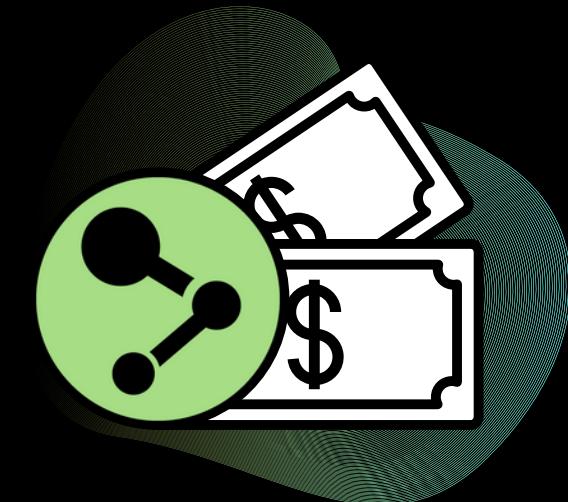

YOU HAVE A BILL TO PAY?
AND YOU CAN NOT PAY IT
ALL? ASK THE AMOUNT THAT
YOU ARE LOOKING FOR AND
REQUEST TO YOUR WHITE LIST

STEP 2

IF YOU HAVE THE REQUIRED
AMOUNT, THE SYSTEM WILL
ASK FOR YOUR APPROVAL
IF YOU AGREE IT WILL
TRANSFER THE WOT

STEP 3

YOU HAVE A BILL TO PAY?
AND CAN NOT PAY IT ALL? ASK
THE AMOUNT THAT YOU ARE
LOOKING FOR AND REQUEST
TO YOUR WHITE LIST

WHY US

EMPOWERING COMMUNITY

We are a community where helping one another creates real value. Whether you're seeking assistance or offering support, every action strengthens the bonds of our community.

TRANSPARENT AND SECURE

Built on blockchain technology, every transaction is securely recorded and immutable. This guarantees transparency and trust for all users.

EASY & USER FRIENDLY

Our intuitive interface makes it simple to request help and offer assistance. With just a few clicks, you can navigate a system designed with your convenience in mind.

ROAD MAP

PHASE 1: SMART CONTRACT DEPLOYMENT & INITIAL TRANSACTIONS

Smart Contract Implementation:

HelpiFi's foundation is set, allowing users to request financial help seamlessly.

Request & Approval Process:

- Users create a request from their trusted contact list.
- Trusted contacts can review & approve the request.
- Payment is processed securely via Units.Network for fast and low-cost execution.
- Security & Transparency: Every transaction is recorded on-chain, ensuring trust and reliability.

PHASE 2: HELPIFI TOKEN (HFI) LAUNCH & REWARD SYSTEM ACTIVATION

Token Creation (\$HFI):

- There will be 100,000,000 Tokens
- **HelpiFi's native HFI Token** will be deployed to power the ecosystem.
- Contribution tracking will begin to record reward eligibility.

Helping is Rewarded:

- Users assisting others will start earning reward points based on their completed transactions.
- \$HFI tokens will be distributed to top contributors, incentivizing long-term engagement.

PHASE 3: FEE REBATES & ECOSYSTEM GROWTH

Transaction Fee Reimbursement:

- *Users who complete 10 transactions will receive fee refunds in \$HFI tokens.*
- *Dedicated contributors will gain access to exclusive perks & governance rights.*
- *Smart Contract Optimization &*

Security Enhancements:

- *Improved efficiency and scalability.*
- *Regular security audits to ensure a safe, trustless environment.*

PHASE 4: HELPIFI DAO & FULL DECENTRALIZATION

Community Governance Activation:

- *HelpiFi will transition to a DAO model where token holders vote on platform decisions.*

Expanding \$HFI Utility

- *Staking options for additional benefits & platform privileges.*
- *Partnerships with DeFi ecosystems, humanitarian initiatives & NGOs.*

Global Adoption & Scaling

- *Expanding HelpiFi's impact to a broader international community.*

Token Creation & Distribution

HelpiFi will launch its native token, **\$HFI**, which will power transactions, rewards, and governance within the ecosystem.

- Total Supply: **100,000,000 \$HFI**
- **Initial Distribution:**
 - Community & Rewards: 50% (Distributed over time to helpers and active users)
 - Development & Ecosystem Growth: 20%
 - Liquidity & Exchange Listings: 15%
 - Team & Advisors: 10% (Vested over 24 months)
 - Reserve Fund: 5% (For future developments & emergencies)

Reward Mechanism & Utility

- **Helping is Rewarded:** Users who approve & complete aid transactions will receive \$HFI tokens as an incentive.
- **Fee Cashback:** After 10 successful transactions, helpers get a percentage of their transaction fees refunded in \$HFI.
- **Tiered Reward System:**
 - Basic Helper: 1-9 Transactions → Earn standard rewards
 - Trusted Helper: 10-24 Transactions → Get higher token rewards & fee rebates
 - Super Helper: 25+ Transactions → Unlock bonus multipliers & future staking benefits

Future Token Utility

As HelpiFi evolves, **\$HFI** will gain additional use cases:

- Staking & Passive Rewards: Users can stake tokens for additional incentives.
- Governance: Token holders will vote on platform decisions through the **HelpiFi DAO**.
- Exclusive Features: Early access to premium platform tools & features for active participants.
